**CORAM : F.I. REBELLO &
R.M.SAVANT, JJ.
DATED : 16TH APRIL, 2007.**

P.C.

. It is the case of the petitioner that he was one amongst those whose software were considered for technical compliance. It is pointed out that the technical evaluation can only be done based on what is set out in Annexure E-A. The respondents have placed before us evaluation done by the Committee so appointed. We find that each of the subject mentioned in Annexure E-A has been considered. The only thing is that the Committee has allotted marks under the said heads. On behalf of the respondents it is pointed out that only those who secured 50% and above have been short listed for further consideration. The marks received by the petitioner have also been placed before us. We find that the petitioner did not secure the requisite 50% and consequently he is not one amongst those who are short listed. We do not find that there is any arbitrariness on the part of the Selection Committee and/or there is any

non-compliance with the procedure as set out therein. In
the light of that no interference called for in the exercise
of our extra ordinary jurisdiction. Petition rejected.

. Consequent to rejection of the petition nothing
survives in the Civil Application which is accordingly
disposed of.
